.....EDITOR'S NEWS.....

THANK YOU for waiting on this issue!!!! So many things were going on here in November, mostly sickness, that I got the issue typed but didn't have time to mimeograph it. Then my daughter and her husband moved, as I told you before, and we had several things to move over here. Then my mother, sister and nephew decided that they wanted to move into my daughter's house, so move some things back over there! Work had to be done on several things before they could move, but COLD weather hit and no moving! At last, they got moved the 18th of January!!

I don't even want to think about December and the holidays...my son James took ill and was in the hospital. Christmas Day my husband and I spent at his place, waking him up every four hours to give him the medicine he needed. It would put him to sleep and then he couldn't wake up for the next dosage...by the next day he was lots better and we were on our way to Houston to see our brother in-law who was so very ill with cancer. Stayed 2 days there and then back to San Antonio, and on home.

In Januaary, we saw COLD WEATHER like you wouldn't believe! On the 2nd it smowed! 5 inches of it. The 11th and 12th it snowed again! 5 to 7 inches of it! On January 30 it snowed again...this time it was very light but about an inch stayed on the ground till the 4th of February...What a month! We've never had that much snow here and old record of weather keeping fell by the wayside! IT WAS COLD!

Now for February...here I am with the November issue, late of course, but it will be on it's way hopefully this week (Feb 11-15) before postage goes up. Now for the good news....NEVER GIVE UP HOPE ON FINDING YOUR LONGS! THEY ARE OUT THERE SOMEWHERE!!! After years of looking and hunting, I found 2nd great grandfather burial place. Went to the cemtery and took 50 pictures of the grave. We formed the LLANO CHAPTER OF THE DAUGHTERS OF THE REPUBLIC here, and I am secretary for our chapter. This month we are forming a chapter of THE UNITED DAUGHTERS OF THE CONFEDERACY. So I have accomplished what I set out to do thirteen years ago, find my ancestors and join the DRT!
